

ScrollView

```
graph LR; A[ScrollView] --- B[方向]; A --- C[隐藏滚动条]; B --- D[水平方向]; B --- E[垂直方向]; D --- F[ScrollView(.horizontal)]; E --- G[默认垂直方向]; C --- H[showsIndicators];
```

A mind map diagram with 'ScrollView' as the central node. It branches into three main categories: '方向' (Direction), '隐藏滚动条' (Hide scrollbar), and 'showsIndicators'. '方向' further branches into '水平方向' (Horizontal direction) and '垂直方向' (Vertical direction). '水平方向' points to 'ScrollView(.horizontal)', and '垂直方向' points to '默认垂直方向' (Default vertical direction). '隐藏滚动条' points to 'showsIndicators'.
